WE ADAPT TO YOUR NEEDS

We have the latest technology at the service of our manufacturing processes, state of the art machinery and a qualified group of professionals, who make an effort to create the products that most adapt to your needs for quality, reliability, robustness and economy.

JIMECA always tests its trailers and models, analyzing the different modifications which will be later implemented. This customization makes our products versatile in all aspects.

All our products meet the **European Quality Standards (CE)**. We have implemented a quality management system based on **ISO: 9001: 2000**, certified by **BUREAU VERITAS**.

JIMECA manufactures agricultural trailers in five categories 5, 8, 10, 12, 14, 16, 20 and 25 tons. The 12 to 25 tons models are equipped with self-steering rear axle.

HYDRAULIC EQUIPMENT, INDEPENDENTLY OPERATED THROUGH TRANSMISSION

FRONT SUPPORT AND HYDRAULIC DIRECTIONAL CONTROL SHAFT

STEERING REAR AXLE

REMOTE CONTROL

To comply with the needs required for each activity, all the trailers we manufacture have **hooklifts**.

Flexibility and comfort, both in our vehicles and loading trucks is the main asset of our trailers.

WE MANUFACTURE HOOKLIFTS, TRAILERS AND A WIDE RANGE OF CONTAINERS

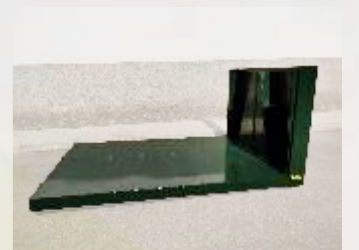

Waste container

Truck body

Cistern

Platform

Technical Specifications

Model	Authorised max weight (Kg)	Hooklift load capacity (Kg)	Hooklift -trailer weight (Kg)	Payload (Kg)	Container length (m)	Tyres
Multi-Agri 5 t	7.000 - 7.200	5.000	2.100 - 2.200	4.900 - 5.000	4,00 - 4,40	4 - 10,0/75 - 15,3"
Multi-Agri 8 t	10.000	8.000	2.300 - 2.400	7.600 - 7.700	4,40 - 4,80	4 - 265/70R - 19,5"
Multi-Agri 10 t	12.000	10.000	3.000	9.000	5,30	4 - 285/70R 19,5"
Multi-Agri 12 t	15.500	12.000	4.700	10.800	5,45	4 - 315/70R 22,5"
Multi-Agri 14 t	17.500	14.000	5.000	12.500	6,05	4 - 385/55R 22,5"
Multi-Agri 16 t	18.000	16.000	5.300	12.700	6,65	4 - 385/55R 22,5"
Multi-Agri 20 t	24.000	20.000	6.700	17.300	7,35	6 - 385/65R 22,5"
